

Architectural floor plan of the first floor showing the layout of rooms and the proposed heating system. The plan includes a technical room (S01), stairs (S02), gym (S03), and various service areas (S04-S12). The heating system is indicated by orange lines, showing a central station (S08) with pumps and radiators in rooms S04, S05, S06, S07, S09, S10, S11, and S12. The system is connected to existing water and sewerage infrastructure.
